Please note: Auto rollover mapping is in place to ensure that employees currently enrolled in a discontinued plan have continuous coverage. Employees should carefully review all available plan options and determine the coverage that best suits their needs. Employees who wish to remain with the auto rollover mapped plan (and have no other changes at renewal) do not need to take action. Should an employee wish to change their plan or have other renewal changes, they must complete an Enrollment/Change Form.

*Current Plan remains available, but has some benefit changes. Employees should carefully review the Summary of Benefits and Coverage (SBC) to ensure the plan continues to suit their insurance needs.

**Gated plan which requires a PCP referrals to see specialists.
