

ENROLL IN YOUR GROUP BENEFITS ANYWHERE AT ANYTIME!

Through the **HealthPass Online Portal (HOP)** employers can enroll and manage their HealthPass benefits from anywhere - using their smart phone, tablet or computer! The HOP is a convenient and environmentally friendly solution for small groups during the times of social distancing.

The HOP allows employers to:

- Complete a group application
- Manage employee elections
- Authorize life events
- View invoices & make payments
- Renew online

The HOP allows employees to:

- Compare plan offerings & costs
- Self enroll
- Add dependents (birth/marriage)
- Access plan information via bswift app*
- Modify elections online at renewal

In addition to providing the most sophisticated benefits technology, for over 20 years HealthPass has been providing companies in the New York metropolitan area access to coverage that fits the different needs and budgets of all employees. The HealthPass exchange empowers each employee to choose from a menu of 60+ health insurance options and other benefit related coverages and services from our partner carriers.

*The bswift app is a secure mobile application in which employers and their employees can quickly obtain accurate benefits information on-the-go.
